### Allowing youth to start their Scouting adventure immediately

Starting **May 2nd, 2016** it will be possible to register members for the upcoming **2016–2017 Scouting Year** in myscouts.ca. New features for this year include:

- A **two week advanced registration** period for returning members. For the first two weeks in May, parents will only be able to renew their children in the same Group in Myscouts.ca so that returning youth can guarantee their place in the Group. Registering new participants or returning participants in a new Group will be available on **May 15<sup>th</sup>**. Groups will still be able to register both new and returning Scouts.
- **Immediate activation for new Participants** registering for the 2016–2017 Scouting Year. When a new Participant is registered for the upcoming Scouting Year this summer, they will be active as soon as the registration is complete. ***New Scouts will be able to participate in Scouting activities in June through August of this Scouting Year.*** Even if a child's Group is not as active during summer months as they are throughout the rest of the year, membership provides access to summer camps and opportunities to participate with other Scouting Groups in summer activities.
